-serving our principals and customers

Wire & Cable / Assemblies

Champlain Cable Corporation - CCC
www.champcable.com
- Automotive and Industrial Cable. Irradiated wire and cable for Industrial and Automotive markets.

Draka - Prysmian Group NA - BIW
www.drakausa.com
- Fiber optic cables for marine, oil & gas, defense, transportation, commercial, utility and industrial markets.

Amphenol - Spectra-Strip
www.spectra-strip.com
- Gigabit copper cable solutions for high bandwidth computer and telephony applications. High Frequency Copper Products, Low Frequency Copper Products and Optical Technology. Flat & Round to Flat Products for High Data Rate, Mass Terminated Applications utilizing both high & low temperature insulation compounds.

CableUSA
www.cableusallc.com
- CableUSA manufactures a complete product offering of high performance wire & cable using both high and low temperature materials. We offer custom designs to meet most exacting requirements. CableUSA markets include Aerospace & Defense, Industrial & Utility, Test & Measurement and Transit Signaling.

Data Guide Cable
www.dataguidecable.com
- Data Guide Cable is a manufacturer of specialty electronic and electrical cable products for a variety of applications. Markets served are Instrumentation, Robotics, Utility, Factory automation and shipboard. DGC specializes in PVC, PE, PP, TPR, TPE, Plenum and Zero Hal amongst others.

Connectivity

ITT Cannon - ITT Cannon
www.ittcannon.com
- I/O Connectors: Mil Spec & Commercial Approvals, Rack & Panel, Circular, Micro D, Filter, D-Sub, HermeticRF & Fiber Connectors Board (PCB) Connectors, Card Connectors.

Incon - Incon
www.inconconnector.com
- Leader in the production of electronic connector systems for over 40 years. MIL-DTL-55302, .100 and .075 inch centerline F-Series Connectors.

Filconn - Custom Backshells
www.filconn.com
- Custom backshells that provide strain relief, environmental sealing and EMI/RFI shielding. For Cable Management, Lighting, Instrumentation, Military, Commercial Aerospace, Industrial and more.

Adam Tech
www.adam-tech.com
- Adam Tech is a leading manufacturer of a broad range of connectors and cable assemblies for industries including Industrial, Medical, Security, Consumer and Automotive. Our manufacturing processes provide consistent high quality with low cost and short lead times.

Delta Electronics
www.deltarf.com
Delta Electronics is a leading global provider of innovative RF, microwave and millimeter wave interconnect solutions. We're proud to deliver a world-class customer experience - what we call the Delta Difference, by focusing on four key areas: Purpose, Process, People and Products/Solutions.

Electro-Mechanical Solutions

JADAK Technologies - Jadak
www.jadaktech.com
- Barcode Components, Barcode Scanners, Machine Vision, RFID, Portable Platforms, Magnetic Stripe Readers.

Firstmark Controls
www.firstmarkcontrols.com
Firstmark Controls provides superior quality string position transducers for testing and OEM applications.

NKK Switches
www.nkkswitches.com
NKK Switches (NKK) is a world leading designer and manufacturer of innovative electromechanical switches.

RAFI
www.rafi-usa.us
Rafi develops and produces electro mechanical components, keyboards, electronic components, and systems for human to human communications. Markets include medical, Automotive, Railway, household appliances and telecommunications.

Heat Shrink / Tubing & Boots

Sumitomo Electric - Sumitomo
www.seipusa.com
- Leaders in heat shrink technology. Sumitube® Shrink Tubing, STS Solder Devices & Crimp Kits, SumiMark® Marking Systems, Poreflon Products, SumiMark® SM-CM.

HellermannTyton - HellermannTyton
www.hellermanntyton.co.uk
- Moulded Shapes: Heat Shrinkable Boots Products used to fabricate Cable Harnesses & Interconnect Systems.

Federal Mogul - Bentley-Harris Systems Protection Group
www.bentley-harris.com
- Protection Sleeving Products. A full selection for nearly any protection need. Technology and production capacity to meet your most challenging requirement. Serving industry throughout the world.
